Internship

GDI Skopje **[Jun 2018 – Jul 2018]**

I was introduced to the ArcGIS software for mapping geographical information systems. There I worked on a school Project for mapping insurance companies on the territory of the city of Skopje, creating a database with their basic features and filtering them with the help of the necessary SQL queries according to different characteristics.

Power Soft Solutions **[Jul 2020 – Aug 2020]**

I was introduced to the Angular framework, the basics app-design concepts, tools and terminology. Also I gained experience with the typical development process trough building my own application from the ground up, following the tutorials and the instructions from the mentor.

GDI Skopje **[Jun 2018 – Jul 2018]**
